

Subject: You're Invited: Give Your Students a Firsthand Look at Modern Manufacturing

Dear [Principal/Teacher/Career Counselor Name],

We'd like to invite your students to a Manufacturing Day (MFG Day) event hosted by **[Company Name]** on **[Event Date]**! This event is designed to give students an exciting, firsthand look at the world of modern manufacturing—where creativity, innovation and technology come together to create the products we all depend on.

Why it matters:

MFG Day, celebrated nationally each October, helps students explore real career pathways in an industry that's high-tech, high-paying, and full of opportunity. With nearly 4 million manufacturing jobs projected to be needed in the next decade, it's more important than ever to spark student interest early.

At our event, **students will:**

- Tour our facility and see manufacturing in action
- Meet employees and learn about different career paths
- Participate in engaging demonstrations or hands-on activities
- Learn the important role manufacturers play in our community and the world

We'd love to welcome your students and help connect classroom learning to real-world careers. Please let us know if your school would be interested in attending and we'll share more details on logistics and scheduling.

Thanks for considering this opportunity to inspire the next generation of creators and problem solvers!

Sincerely,
